The No Child Left Behind Act stipulates that the homeless education liaison makes the determination of the student's homeless status. To facilitate that determination, the list below describes nearly all situations in which students may possibly live. Although this form is comprehensive and will assist districts in identifying most students living in homeless situations, in certain cases districts may find it necessary to ask additional questions or investigate living arrangements more thoroughly.

If the student checks the first box and does not check one or both of the boxes immediately below the first box, it is most likely that the student is **NOT** considered homeless; however, follow-up questions are helpful as unaccompanied students may not understand their rights, be afraid to divulge information, or fear unwanted scrutiny.

If one or both of the boxes immediately below the first box is (are) checked, then the homeless liaison will have to probe a bit deeper to determine if the student is living in inadequate housing and, thus, homeless.

If the student checks any of the remaining boxes, it is quite likely that the student **IS** considered homeless.

Regardless of the box the student checks, districts are encouraged to have a brief conversation with the student and/or parent/caregiver to learn more about the living situation. Information gleaned from this conversation may be used to assist district staff in determining types of assistance the student may need and for which the student is eligible to receive.

If a student appears to be in a homeless situation, the district must enroll the student immediately, even if records are not available. Once the student is enrolled, the district may discreetly collect additional information to determine if the student is living in the homeless situation indicated on the SRQ.

If it is later determined that the student is not in a homeless situation and therefore is not entitled to enrollment at the school the student is attending, then the district must inform the unaccompanied student or parent/legal guardian/caregiver in writing that the student is not eligible for enrollment at that school. The letter must further state that the student may appeal the decision and fully describe the appeal process. If the student elects to appeal the decision, then the student must remain enrolled in the school until the final appeal is exhausted and the enrollment dispute is resolved. The homeless liaison must assist students and families with the appeal process.

If a district has questions or concerns about a student's living situation and/or the dispute resolution process, please contact the Texas Homeless Education Office at 1-800-446-3142.

Districts are required to submit data about homeless students to TEA through the eGrants system. For every homeless student who has been enrolled in a district at any point in the school year, the district must report the grade level (PK through 12) and primary nighttime residence at the time of identification. There are only four categories of primary nighttime residence for homeless students: Shelters, Doubled-Up, Unsheltered, and Hotels/Motels; **there are no options for indicating a primary nighttime residence as "unknown" or "N/A."** These data are reported to TEA via eGrants in the aggregate for the entire year. Districts must submit aggregate data for homeless students in grades PK through 12 by primary nighttime residence and grade level.

Each living situation on the SRQ is coded in order to identify the appropriate nighttime residence category on the eGrant report. In order to reduce confusion, the categories do not appear on the SRQ itself.

**CODE:**      **N = Not Homeless**  
                   **S = Shelters**  
                   **D = Doubled-Up**  
                   **U = Unsheltered**  
                   **HM = Hotels/Motels**

Please record the primary nighttime residences of students using the guidance below:

- Record the student as **Not Homeless** if the following box is checked but neither of the sub boxes were checked (*further investigation may be necessary to make a final determination*):
  - In my own home or apartment, in Section 8 housing, or in military housing with parent(s), legal guardian(s), or caregiver(s). (CODE=N)*
- Record the student as **Unsheltered** if one or both of the boxes below are checked [further investigation may be necessary to make a final determination]:
  - My home has no electricity (CODE=U)*
  - My home has no running water (CODE=U)*
- Record the student as **Doubled-Up** if the following box is checked:
  - In the home of a friend or relative because I lost my housing (examples: fire, flood, lost job, divorce, domestic violence, kicked out by parents, parent in military and was shipped out, parent(s) in jail, etc.) (CODE=D)*
- Record the student as living in a **Shelter** if one of the following boxes is checked:
  - In a shelter because I do not have permanent housing (examples: living in a family shelter, domestic violence shelter, youth shelter, FEMA housing) (CODE=S)*
  - In transitional housing (housing that is available for a specific length of time only and is partly or completely paid for by a church, a nonprofit organization, or another organization) (CODE=S)*
- Record the student as living in a **Hotel/Motel** if the following box is checked:
  - In a hotel or motel (examples: because of economic hardship, eviction, cannot get deposits for permanent home, flood, fire, hurricane, etc) (CODE=HM)*
- Record the student as **Unsheltered** if the following box is checked:
  - In a tent, car, van, abandoned building, on the streets, at a campground, in the park, or other unsheltered location (CODE=U)*
- If the following box is checked, use all available information to determine which of the four categories above best fits the living situation the student describes below; it is likely that this box will be rarely used.
  - None of the above describe my present living situation      Briefly explain your situation: \_\_\_\_\_*

The following section of the form is intended to assist districts in identifying factors that have contributed to the student's present living situation. In recent years, the Federal government has provided financial assistance to school districts based on numbers of students affected by natural disasters and economic crisis. Many districts did not apply for these available funds because the districts did not have the documentation required for application. Although it is not known for certain if funds will be available in the future for these or similar reasons, it is likely they will. Should such funds become available, the following information may be useful to districts that wish to apply for such funds:

**Factors contributing to the student's current living situation (check all that apply):**

- Natural disaster
  - Tornado, storm, flood, etc.
  - Hurricane, name: \_\_\_\_\_
  - Fire: prairie, forest, grass, lightning strike, etc.
- Family issues such as divorce, domestic violence, kicked out by parents, student left due to family conflict, etc.
- Home issues such as lack of electricity, water, heat, adequate home repair due to lack of funds, overcrowding, mold, etc.
- Military: Parent/guardian shipped out, injured or killed in action
- Incapacitation of parent or guardian due to health, mental health, drug/alcohol, incarceration, or other factors
- Home fire not due to natural causes, i.e., faulty equipment, appliances or wiring, furnace, stove, fireplace, etc.
- Economic hardship:
  - Loss of job resulting in inability to pay rent or mortgage
  - Income from part-time or low paying job does not cover cost of housing in the area
  - Loss of mortgage, including loss of mortgage of landlord if student/student's family is renting
  - Eviction record and/or inability to produce deposits for rent or utilities
  - High medical bills that leave little or no money for housing
- Lack of affordable housing in the area
- Minor student unable to afford housing on my own
- None of the above describe the main reasons for my present living situation      Briefly explain the contributing factors: \_\_\_\_\_
