

# Appendix E

## Scoring of Applications Shown as Percent Value of Total Score

The chart below shows, as a percentage of the total score, how each schedule of the applications ranks in relative importance. For example, *Schedule #6D* will account for 29% of the total score, while *Schedule #6* will account for 3% of the total score. Applicants may wish to use this chart as a guide for budgeting the time they devote to preparing each schedule.
