URBAN MATHEMATICS LEADERSHIP NETWORK
JUNE 17-20, 2004; LAKEWAY, TEXAS
RETREAT EVALUATION

Conference goals:

1) **Discuss common challenges & individual strengths;**
2) **Identify high quality existing tools / Explore the development of promising new tools that can help address common problems; and**
3) **Test hypothesis that mutual work can benefit local success.**

1. How well did the UMLN retreat address the goals?

2. What parts of this retreat have been the most beneficial to you?

3. What do you feel was missing from this workshop that would have been helpful to you?

4. What would you like to see happen as a followup to the 2004 UMLN retreat?

5. Other comments:
