URBAN MATHEMATICS LEADERSHIP NETWORK
JUNE 15 - 18, 2005; LAKEWAY, TEXAS
RETREAT EVALUATION

Conference goals:

1) Discuss common challenges around middle school/high school mathematics transition challenges:

***students who take algebra in middle school**

***students who arrive in high school unprepared to take algebra**

2 Identify promising practices for addressing these challenges; and

3 Begin a discussion of kinds of courses and strategies that will to prepare students for college.

1. How well did the UMLN retreat address the goals?

2. What parts of this retreat have been the most beneficial to you?

3. Was there something else that would have been helpful to you?

4. How will you build on what you have learned when you return to your district?

5. What would you like to see happen next for UMLN?

6. Other comments
